Introduction

In the heart of Africa, a movement is stirring; one that promises to reshape the narrative of a continent ripe with potential yet often overshadowed by the specter of its challenges.

LeadWithYES proudly presents the Kenya Summit, a meticulously curated convergence designed to ignite a transformative shift in the minds of Africa's future leaders - our university undergraduates.

The Objective

Our mission is singular yet profound: to mentor, grow, and prepare the next generation of African disruptors and changers. Through the Kenya Summit, we aim to instill a mindset geared towards innovation, leadership, and sustainable development, fostering the emergence of ambassadors for African growth and excellence.

The Delegates

Drawing on the vibrant intellect of 200 delegates from universities across Kenya. We are setting the stage for a groundbreaking discourse spanning crucial sectors such as Banking & Finance, STEM, Creatives & Art, Legal, Health, Entrepreneurship, International Relations, and Community Development & Social Sciences - the pillars upon which the future of any continent rests.

Our Speakers

The summit will feature an array of exceptional speakers, each a beacon of success and influence in their respective fields. Their stories are not just narratives of personal achievement but testaments to the power of African potential unleashed. These thought leaders will not only share insights but also engage in deep, meaningful interactions through keynote addresses and, more intimately, in breakout sessions. This format ensures a personal and impactful exchange of ideas, inspiring delegates to envision and enact change.

The Experience

Beyond the transmission of knowledge, the Kenya Summit is an experience - a journey towards self-discovery, empowerment, and enlightenment. Delegates will leave not just with information but with a renewed sense of purpose and the tools to contribute effectively to Africa's narrative of progress.

Call to Action

Join Us in Shaping Africa's Tomorrow

Embark on a transformative journey at the LeadWithYES Kenya Summit. This is your moment to engage with visionary leaders, to be inspired by their stories, and to gain the knowledge and tools to become a catalyst for change.
